

CAREER OBJECTIVE

Looking for real-world work that stretches these skills and builds something worth keeping.

EDUCATION

B.Tech, Computer Science & Engineering Amal Jyothi College of Engineering	2025 - 2029
Senior Secondary (XII), CBSE Fatimagiri HSS, Nilambur	2025
Percentage: 85.60%	
Secondary (X), CBSE St Mary's School, Safdarjung, New Delhi	2023
Percentage: 81.30%	

PROJECTS

Drone-Based Safety & Health Projects
Jan 2020 - Dec 2022

Worked on multiple drone-oriented engineering projects focused on human safety applications; relevant certifications available. Developed familiarity with embedded logic, hardware constraints, and field-oriented thinking across iterations

Rural Healthcare & Maternal Wellbeing App
Jan 2026 - Present

Built a proof-of-concept Android application addressing healthcare access gaps in rural settings, with integrated SOS functionality for maternal emergencies Used Google Gemini API for intelligent assistance; managed the full build pipeline through to a working, distributable APK - independently, without a team or template Part of a longer personal pattern: most projects have been about making safety or health outcomes better through technology

Private Bus Tracking System
Jan 2023 - Present

Conceptualised and presented a real-time tracking system for private bus operators - transforming raw transit data into reliable, actionable insights for commuters Idea from Industry Season 2 - winning concept; selected after competitive evaluation against other student submissions

Web Projects
Jan 2023 - Present

Designed and deployed responsive websites across HTML, CSS, and JavaScript; comfortable with layout, UI logic, and basic interactivity

SKILLS

- Python
 - HTML
 - Prompt Engineering
 - Video Editing
- C#
 - CSS
 - Android
 - Visual Design
- C Programming
 - JavaScript
 - Robotics

ADDITIONAL DETAILS

- Participated in international academic exchange programmes with schools in Japan (Classes 7 & 8) - one of a small cohort selected for cross-cultural academic collaboration
- Placed in competitive speaking events at college culturals; recognised among peers as a strong communicator across both structured and impromptu formats
